1.3. Interface

The interface hosted on the Website provides a visual representation of the available Services and enables access to the “deBridge” protocol. In order to utilise the interface on the Website, you are required to link/connect your digital wallet on supported bridge extensions or via a digital wallet service (such as MetaMask) which allows you to purchase, store, and engage in transactions relating to digital assets. You are solely responsible for adhering to all laws and regulations applicable to you and your use or access to the Website and interface thereon. Your use of the Website is prohibited by and otherwise violate or facilitate the violation of any applicable laws or regulations, or contribute to or facilitate any illegal activity. We make no representations or warranties that the information, products, or services provided through the Website, are appropriate for access or use in other jurisdictions. We reserve the right to limit the availability of our Website to any person, geographic area, or jurisdiction, at any time and at our sole and absolute discretion.

1.4. Access

You agree and understand that you are not allowed to enter any restricted area of any computer or network of deBridge under any circumstances, or perform any functions that are not authorised by these Terms.

2. **THE SERVICE**

2.1. deBridge protocol

deBridge is a distributed application that runs on a variety of supported blockchain networks (including without limitation Ethereum, BSC, Polygon, HECO, and Arbitrum), using specially-developed smart contracts which enable users to perform cross-chain liquidity and data transfers and facilitate overall interoperability of smart contracts on different blockchains. Each of the digital assets locked in the original "native chain" have the associated wrapped asset on the target chain(s). By design, the protocol ensures that the total supply of each deAsset that can be minted in the secondary chain(s) is always

1:1 backed by the asset collateral locked in deBridgeGate smart contract in the native chain. All digital assets locked as collateral for deAssets may (subject to governance vote) be deployed by the protocol towards third-party decentralized finance protocols to further generate yield. deBridge does not prescribe any listing requirements, and any arbitrary ERC-20 or ERC-721 (NFT) tokens can be bridged.

The **infrastructure layer** is represented by a set of validators, who are elected by governance and are in charge of the validation of all cross-chain chain transactions passing through deBridge smart contracts. Validators run the deBridge node and full nodes of all supported blockchains. Each validator performs real-time monitoring of the blockchain events emitted by the deBridgeGate smart contract and is obliged to sign a unique identifier (SubmissionId) of the transfer by its private key and store signature into IPFS. Any arbitrary user can retrieve validators' signatures from IPFS and execute transfer in the destination chain by passing all validators' signatures together with all parameters of the transaction. The transfer will be executed by the smart contract only if the minimum required amount of validators' signatures are valid.

The **protocol layer** comprises a set of on-chain smart contracts that are used for asset management, validation of validators signatures, and to reach consensus among validators (the transaction is treated as valid only if the minimum required threshold of confirmations by validators is achieved). The governance module will be responsible for managing the parameters of the smart contracts, such as fees, the whitelist of elected validators, validators payout ratio, and more.

2.2. Non-custodial nature of smart contracts

When you access certain features of the Services, the user interface will allow you to access a non-custodial smart contract to perform a variety of transactions. In particular, you confirm that all actions and functions performed via the deBridge smart contract are irrevocable. However, you remain in full control of your original assets and/or wrapped assets, which are not held or controlled in any way by deBridge. deBridge does not collect or hold your keys or information - accordingly, if you lose control over these assets, deBridge cannot access your original or wrapped assets; recover keys, passwords, or other information; reset passwords; or reverse transactions. You are solely responsible for the safety of your digital assets and your use of the Services, including without limitation for storing, backing up, and maintaining the confidentiality of your private keys, passwords, and information, and for the security of any transactions you perform using the Website. You expressly relieve and release deBridge from any and all liability and/or loss arising from your use of the Services.

2.3. deBridge token ("**DBR**")

In order to promote decentralized community governance for the network, DBR will allow holders to propose and vote on governance proposals to determine features and/or parameters of deBridge as well as protocol improvements (for example parameters of smart contracts such as fees, the whitelist of elected validators, validators payout ratio, or deployment of original assets locked as collateral). The right to vote is restricted solely to voting on features of deBridge; the right to vote does not entitle DBR holders to vote on the operation and management of deBridge, its affiliates, or their assets or the disposition of such assets, and does not constitute an equity interest in any of these entities.

deBridge itself is simply a non-custodial blockchain protocol that does not own or run any computing/storage servers, so third-party computing resources are required for executing transactions. Providers of these resources (validators) would require payment for the consumption of these to maintain network integrity, and DBR will be used as the native currency to quantify and pay the costs of the consumed computing resources.

To develop a self-sustainable, closed-loop economy, all the fees (cross-chain transfer, asset swaps, etc) collected by the network would be re-distributed as incentives for active contributors within the ecosystem. These would comprise users who contribute computing resources (validators), or actively participate in the governance process.

2.4. Service fees

The protocol charges a service fee for each transfer performed through deBridge. The fee consists of two components (Fix + Percent (%)):

- (a) Fix – a fixed amount that is taken in the base asset of the blockchain which is aimed to cover the cost price validators pay for submission of the validation tx into the target chain. For example, if the transfer is performed from the Ethereum chain, then the fixed ETH amount will be deducted from the user's wallet towards the protocol treasury on Ethereum.
- (b) Percent (%) – a percentage of each amount of bridged liquidity. The protocol takes a small 10 BPS (0.1%) fee from each transfer. All collected fees are transferred into the protocol treasury smart contract for further distribution (e.g. to validators).

Prior to charging you any fees, the protocol will provide an estimate of the fees which may be chargeable (but this may be subject to variations due to uncontrollable factors

such as network congestion). Your acceptance of these Terms is considered to be your acceptance of our service fees. We reserve the right to change, modify, or increase our service fees at any time. Any change to our service fees will take effect immediately upon our notification of such change. You agree that by using deBridge following any change to our service fee schedule, you are agreeing to our new service fees.

2.5. deBridge IaaS (Interoperability-as-a-Service)

Certain Services, including deBridge IaaS, are provided on a subscription basis. By initiating a subscription through the relevant smart contract, you agree to pay the applicable subscription fees on-chain, in the amounts and frequency specified at the time of subscription. Subscriptions are linked to a blockchain address, and all payments are final and non-refundable, except where explicitly stated otherwise. To initiate the integration process, a minimum subscription period of twelve (12) months must be paid in advance.

You acknowledge that:

- The subscription period begins from the time the first validated message or transaction is processed;
- If subscription payments are not maintained, Services may be suspended or terminated after a limited grace period, without refund;
- deBridge reserves the right to change subscription pricing structures or parameters at any time, provided that such changes will not affect subscriptions already initiated until their current term expires;
- Refunds may only be issued under limited circumstances, namely where (i) no development of the subscribed chain has commenced, or (ii) prior to the subscription timer starting, deBridge is unable to complete development for reasons outside of the Client's control, including technical infeasibility determined in good faith before or after development has started. Refund is always performed to the wallet address that was specified as the subscription governance address;
- Further details regarding the deBridge IaaS service, including technical setup, integration process, and supported configurations, are available at <https://docs.debridge.com/iaas/getting-started>.

2.6. Not an Offering of Banking business, Trust business, Custodial business, Escrow business, Securities or Commodities

You understand and affirm that deBridge is a non-custodial provider of technical smart-contract services which allow users to manage their original assets and wrapped assets. The content of the Website and the Services do not constitute any banking business, trust business, custodial business, escrow business, any offer to buy or sell, or a solicitation of an offer to buy or sell investments, securities, partnership interests, commodities or any other financial instruments in any jurisdiction. The content of the Website and the Services also do not constitute, and may not be used for or in

connection with, an offer or solicitation by anyone in any state or jurisdiction in which such an offer or solicitation is not authorized or permitted, or to any person to whom it is unlawful to make such offer or solicitation. In particular, the Services do not constitute any "banking business" within the meaning of any banking laws, "custody" within the meaning of any virtual assets law, or "capital markets products" or "securities" within the meaning of any securities law.

2.7. No Advice

deBridge makes no representation or warranty, express or implied, to the extent not prohibited by applicable law, regarding the advisability of participating in digital assets on any blockchain, any financial products, securities, funds, commodity interests, partnership interests or other investments or funding or purchasing loans. deBridge is merely a technology service provider allowing you to manage your own digital assets connecting you with various third parties and does not offer fiduciary services, and is not your agent, trustee, advisor or fiduciary.

2.8. Taxes

It is your sole responsibility to determine whether, and to what extent, any taxes apply to any interest received through the Services, and to withhold, collect, report and remit the correct amount of tax to the appropriate tax authorities.

3. **RISK FACTORS**

You acknowledge and agree that the Services are currently in the initial development stages and there are a variety of unforeseeable risks with utilising the Services or participating in the platform, acquiring, holding or using DBR. In the worst scenario, this could lead to the loss of all or part of your digital assets or DBR associated with the Services. IF YOU DECIDE TO UTILISE SERVICES OR ACQUIRE DBR YOU EXPRESSLY ACKNOWLEDGE, ACCEPT AND ASSUME THE BELOW RISKS AND AGREE NOT TO HOLD DEBRIDGE OR ANY OF THEIR RELATED PARTIES RESPONSIBLE FOR THE FOLLOWING RISKS:

3.1. Third-party Risk

The Services rely on whole or partly, on third-party software and the continued development and support of third parties. There is no assurance or guarantee that those third parties will maintain their support of their software, which might have a material adverse effect on the Services. Further, where digital assets locked as collateral for deAssets are deployed by the protocol towards third-party decentralized finance protocols to further generate yield, a failure or security incident in respect of such third-party protocol may result in users losing all or substantially all of their digital assets.

3.2. No Insurance

Original or wrapped assets are not legal tender, are not backed by the government, and are not subject to the Deposit Insurance Scheme or protections under any banking or securities laws. deBridge is not a bank and does not offer fiduciary services, nor does it offer any security broking services.

3.3. New Technical Risk

The deBridge software used for deBridge is new. While this software has been extensively tested, the software used for the Services is still relatively new and could have bugs or security vulnerabilities. Further, the software is still under development and may undergo significant changes over time that may not meet users' expectations.

3.4. Risks

The underlying smart contracts run on a variety of supported blockchain networks, using specially-developed smart contracts. Accordingly, upgrades to the relevant blockchain network, a hard fork in the relevant blockchain network, re-organisations of blockchain structure or blocks, or a change in how transactions are confirmed on the relevant blockchain network may have unintended, adverse effects on the smart contracts built thereon, including deBridge software and smart contracts.

3.5. Information Security Risk

Original or wrapped assets, and use of the Services may be subject to theft expropriation and/or theft. Hackers or other malicious groups or organizations may attempt to interfere with the Services in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the underlying blockchain networks comprise open-source software, there is the software underlying the Services may contain intentional or unintentional bugs or weaknesses that may negatively affect the Services or result in the loss of the user's original assets or wrapped assets, the loss of the user's ability to access or control their digital assets. In the event of such a software bug or weakness, there may be no remedy, and users are not guaranteed any remedy, refund or compensation.

3.6. Regulatory risks

The regulatory status of original assets and wrapped assets, and distributed ledger technology is unclear or unsettled in many jurisdictions. While every effort has been taken to ensure that the Services are compliant with local laws, it is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to the Services. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Services. Regulatory actions could negatively impact deBridge in various ways, and thus the Services may not be available in certain areas.

3.7. Taxation Risk

The tax characterization of original and wrapped assets, and the usage of the Services are uncertain. It is possible that the user's intended treatment of original or wrapped assets may be challenged. You must seek your own tax advice in connection with the Services provided by deBridge, which may result in adverse tax consequences to you, including, without limitation, withholding taxes, transfer taxes, value-added taxes, income taxes and similar taxes, levies, duties or other charges and tax reporting requirements.

3.8. Additional conditions of usage of the Website and Services

Your usage of the Website and Services is subject to the following additional conditions:

- (a) Unlawful Activity: you agree not to engage, or assist, in any activity that violates any law, statute, ordinance, regulation, or sanctions program, including but not limited to the U.S. Department of Treasury's Office of Foreign Assets Control (**OFAC**), or that involves proceeds of any unlawful activity.
- (b) Abusive Activity: you agree not to engage in any activity that poses a threat to deBridge or the Website, for example by distributing a virus or other harmful code, or through unauthorized access to the Website or other users' original or wrapped assets.
- (c) Inappropriate Behavior: you agree not to interfere with other users' access to or use of the Services.
- (d) Communication: you agree not to communicate with other users for purposes of (1) sending unsolicited advertising or promotions, requests for donations, or spam; (2) harassing or abusing other users; (3) interfering with transactions of other users. You agree not to use data collected from the Website to contact individuals, companies, or other persons or entities outside the Website for any purpose, including but not limited to marketing activity.
- (e) Fraud: you agree not to engage in any activity which operates to defraud deBridge, other users, or any other person; or to provide any false, inaccurate, or misleading information to deBridge.
- (f) Gambling: you agree not to utilize the Services to engage in any lottery, bidding fee auctions, contests, sweepstakes, or other games of chance.

4. **WEBSITE AVAILABILITY AND ACCURACY**

4.1. Access and Availability

Access to the Services may become degraded or unavailable on deBridge during times of significant volatility or volume. This could result in the inability to interact with third-party services for periods of time and may also lead to support response time delays. Users will, however, be able to access these third-party services through other means. Although we strive to provide you with excellent service, we do not guarantee that the Website or Services will be available without interruption and we do not guarantee that requests to interact with third-party services will be successful.

4.2. Website Accuracy

We advise the regular use of a reputable and readily available virus screening and prevention software.

8. **USER FEEDBACK, QUERIES, COMPLAINTS, DISPUTES**

8.1. Contact deBridge

If you have feedback or general questions, please contact us via our User Support at hello@debridge.finance. When you contact us please provide us with your name, email address, and any other information we may need to identify you, your transactions conducted, and digital assets held.

8.2. Dispute Resolution

PLEASE READ THIS SECTION CAREFULLY BECAUSE IT CONTAINS CERTAIN PROVISIONS, SUCH AS A BINDING ARBITRATION SECTION AND CLASS ACTION WAIVER, WHICH AFFECT YOUR LEGAL RIGHTS. THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH DEBRIDGE AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US.

Each party (i) waives all its respective right(s) to have any and all disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, "**Disputes**") arising from or related to these Terms resolved in a court, and (ii) waive all its respective right(s) to have any Disputes heard before a court. Instead, each party shall arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

Any Dispute arising out of or related to these Terms is personal to you and will be resolved solely through individual arbitration, and in no circumstances shall be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an entity attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

Any Dispute arising out of or in connection with these Terms (including without limitation the enforceability of this section or any question regarding its existence, validity or termination) shall be referred to and finally resolved by arbitration administered by arbitration in accordance with the BVI IAC Arbitration Rules for the time being in force, which rules are deemed to be incorporated by reference in this Clause 8. The place of arbitration shall be Road Town, Tortola, British Virgin Islands, unless the Parties agree otherwise. The number of arbitrators shall be one. The language to be used in the arbitral proceedings shall be English.

Each party will notify the other party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to deBridge shall be sent by e-mail to deBridge at hello@debridge.finance. Notice to you shall be either posted on the Website or, if available, will be sent by email to your email on record. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a full and sufficient description of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and deBridge cannot agree on how to resolve the Dispute within thirty (30) days after the date the notice is received by the applicable party, then either you or deBridge may, as appropriate and in accordance with this section, commence an arbitration proceeding or, to the extent specifically provided for in this section, file a claim in court.

The arbitrator does not have the authority to conduct a class arbitration or a representative or class action, which is prohibited by these Terms. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual's claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.

If any term, clause or provision of this section is held invalid or unenforceable, it will be held to the minimum extent applicable and required by law, and all other terms, clauses and provisions of this section will remain valid and enforceable. Further, the waivers set forth in this section are severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

You agree that this section of these Terms has been included to rapidly and inexpensively resolve any disputes with respect to the matters described herein, and that this section shall be grounds for dismissal of any court action commenced by you with respect to a dispute arising out of such matters.

A printed version of these Terms shall be admissible in judicial or administrative proceedings.

8.3. Disclaimers

disclaim liability for errors or omissions in the Content. Additionally, there are no warranties as to the results of your use of the Content. The deBridge Parties do not warrant that the Website is free of viruses or other harmful components. This does not affect those warranties which are incapable of exclusion, restriction or modification under the laws applicable to these Terms. deBridge cannot guarantee and does not promise any specific results from use of the Website and/or the Service.

8.4. Availability

The Website and the Service may be temporarily unavailable from time to time for maintenance or other reasons. deBridge assumes no responsibility for any error, omission, interruption, deletion, defect, delay in operation or transmission, communications line failure, theft or destruction or unauthorized access to, or alteration of, user communications. deBridge is not responsible for any problems or technical malfunction of any telephone network or lines, computer online systems, servers or providers, computer equipment, software, failure of email or players on account of technical problems or traffic congestion on the Internet or on the Website or combination thereof, including injury or damage to users or to any other person's computer related to or resulting from participating or downloading materials in connection with the Website and/or in connection with the Service. Under no circumstances will deBridge be responsible for any loss or damage, including any loss or damage to any user Content, financial damages or lost profits, loss of business, or personal injury or death, resulting from anyone's use of the Website or the Service, any User Content or Third Party Content posted on or through the Website or the Service or transmitted to users, or any interactions between users of the Website, whether online or offline.

8.5. Limitation on Liability

EXCEPT IN JURISDICTIONS WHERE SUCH PROVISIONS ARE RESTRICTED, IN NO EVENT WILL DEBRIDGE OR ITS DIRECTORS, EMPLOYEES OR AGENTS BE LIABLE TO YOU OR ANY THIRD PARTY FOR ANY INDIRECT, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES, INCLUDING FOR ANY LOST PROFITS OR LOST DATA ARISING FROM YOUR USE OF THE WEBSITE OR THE SERVICE OR ANY OF THE CONTENT OR OTHER MATERIALS ON OR ACCESSED THROUGH THE WEBSITE, EVEN IF DEBRIDGE IS AWARE OR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED HEREIN, TO THE EXTENT PERMITTED BY APPLICABLE LAW DEBRIDGE'S LIABILITY TO YOU FOR ANY CAUSE WHATSOEVER, AND REGARDLESS OF THE FORM OF THE ACTION, WILL AT ALL TIMES BE LIMITED TO THE AMOUNT PAID, IF ANY, BY YOU TO DEBRIDGE FOR THE SERVICES. IN NO CASE WILL DEBRIDGE'S LIABILITY TO YOU EXCEED \$1,000. YOU ACKNOWLEDGE THAT IF NO FEES ARE PAID TO DEBRIDGE FOR THE SERVICE, YOU SHALL BE LIMITED TO INJUNCTIVE RELIEF ONLY, UNLESS OTHERWISE PERMITTED BY LAW, AND SHALL NOT BE ENTITLED TO DAMAGES OF ANY KIND FROM DEBRIDGE, REGARDLESS OF THE CAUSE OF ACTION.

CERTAIN LOCAL, STATE OR FEDERAL LAWS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF CERTAIN DAMAGES OR LIMITATIONS ON IMPLIED WARRANTIES. IF THESE LAWS APPLY TO YOU, SOME OR ALL OF THE ABOVE DISCLAIMERS, EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU, AND YOU MAY HAVE ADDITIONAL RIGHTS.

8.6. Governing Law; Venue and Jurisdiction

By visiting or using the Website and/or the Service, you agree that the laws of the British Virgin Islands, without regard to any principles of conflict of laws that would require or permit the application of the laws of any other jurisdiction, will govern these Terms. If you contract with any third party through deBridge, the terms of such contract will be governed by the contractual terms prescribed by such third party.

8.7. Indemnity
